Career Summary

Resourceful Front-End Developer with nearly 6 years of hands-on experience building responsive, scalable web applications—from rapid MVPs at startups to enterprise-grade captive portals used globally. Translates evolving designs into clean, maintainable, and functional interfaces with a full-stack awareness. Known for unblocking bottlenecks, bridging cross-functional gaps, and delivering under pressure. Recently formalized practical experience with a Computer Science degree. Grounded in product development and customer service, bringing a client-focused mindset and polished execution.

Professional Experience

Kunda House Birmingham, United Kingdom | Remote
Front End Developer Jan 2024 - Feb 2025

- Built and integrated core MVP features for the in-house platform with responsive, cross-platform fidelity.
- Worked closely with the founder to shape product direction, prioritize roadmap milestones, and lead feature scoping and delivery for continuous release cycles in a dynamic startup environment.
- Built responsive UI with Figma-based handoffs, aligning closely with designers to reduce iteration.
- Collaborated with backend and AI teams to align API behaviors for real-time, data-driven features.
- Prototyped interim backend routes in Next.js to unblock frontend bottlenecks and enable parallel progress.
- Authored internal API docs and changelogs, standardizing communication across distributed teams.
- Managed deployment pipeline across dev, staging, and live environments, enabling a smooth release cycle.

Intertouch Business Solutions Inc. (formerly DoCoMo InterTouch Pte. Ltd.) BGC, Taguig City | Hybrid
Senior Web Design and Development Associate Oct 2019 - Jan 2023

- Delivered over 37+ customized captive portals by translating mockups into fully responsive, API-integrated websites, used by international hotel clients.
- Handled multilingual content integration and style changes to align with diverse regional branding needs.
- Liaised with QA to triage front-end bugs and ensure smooth backend coordination during issue resolution.
- Mentored junior designers and developers to ensure quality and adherence to internal design standards.
- Led internal tooling and release process improvements that helped meet urgent deployment timelines.

Web Design Associate Apr 2018 - Oct 2019

- Transformed web design mockups into functional websites based on default template layouts, serving as captive portals for hospitality clients.
- Oversaw content translation for multiple languages and enhanced existing website designs and functionalities in alignment with client requirements.
- Implemented script injection using JavaScript to enable greater flexibility and customization in site designs.
- Handpicked by the training department for a 4-month developer assignment to build a troubleshooting tool with automated documentation (VB.NET, MySQL), leading to a successful transition from contact centre support to the web development team.

Additional Experiences

Intertouch Business Solutions Inc. BGC, Taguig City
Technical Support Representative Dec 2015 - Apr 2018

Convergys Philippines (now Concentrix) Shaw Blvd., Mandaluyong City
